

Cut your energy bill 30-70%

25 years of Energy Reduction Experience

Contact Us for a FREE Energy Audit

Put The Green Back In Your Pocket. Let Energy Cost Cutters do a FREE audit to identify and reduce your company's energy costs.

In today's economy, keeping operating costs down is more important than ever. We are committed to helping reduce one significant operating cost: energy usage. We provide free on-site energy audits and energy savings proposals to detail a plan to help your business save money and to provide a more comfortable environment.

We typically help our clients reduce their energy usage 30-70%. Using available credits and federal incentives, the return on investment is usually less than 3 years. Partnering with Energy Cost Cutters will maximize your long-term savings and minimize the burden on internal resources.

Our **comprehensive** energy reduction services include:

- Energy Bill Audits
- Lighting
- Heating, Ventilation, AC (HVAC)
- Energy Load Management
- Power Factor Correction
- Facilitating Rebates & Federal Incentives
